

# Welcome From the President

Dear Future Freedom Boat Club Member,

I would like to introduce myself and thank you for your interest in Freedom Boat Club. I am confident my team will exceed your expectations and provide a truly enjoyable and maintenance-free boating experience.

Established in 1989, Freedom Boat Club is North America's oldest and largest boat club. We currently have 250+ locations and a fleet of 3,000+ well-maintained boats for your enjoyment.

Freedom Boat Club provides our members access to some of the most magnificent waterways in the world. Whether you prefer the aquamarine waters of the Florida coastlines, the beautiful, scenic Puget Sound, or the countless other locations in the U.S., Canada and Europe, there is a Freedom Boat Club for you!

At Freedom Boat Club, we offer our members unlimited access to a diverse fleet of boats at locations spanning North America and Europe, with further expansion to come. Our fleet includes fishing boats, bowriders, deckboats, pontoon boats, and pilot houses. To enhance your experience, we make it quick and easy to get on the water. Log in to our online reservation system to choose your preferred date, time, location and boat. Head to the dock with your cooler, friends, and family ... and off you go to create memories that last a lifetime!

Want to make some new friends? We plan a wide variety of fun social events at our clubs, including dock parties, open houses, fishing seminars, boat trips to various destinations, and so much more.

FBC has perfected the concept of affordable, maintenance-free boating. Since we are growing and opening new locations regularly, your membership becomes even more valuable each year. I look forward to welcoming you aboard!

Sincerely,

Cecil Cohn  
President  
Freedom Boat Club Network
